Certain applications may incur a Real Estate Excise Tax liability for the seller of the water rights. The Department of Revenue has requested notification of potential taxable water right related actions and therefore may be provided with a copy of this request.

Please contact the State Department of Revenue for further information. The phone number is (360) 570-3265. The address is: Department of Revenue, Real Estate Excise Tax, PO Box 47477, Olympia, WA 98504-7477.

7. Signatures:

I certify that the information above is true and accurate to the best of my knowledge. I understand that in order to process my application, I am hereby granting staff from the Department of Ecology or the County Conservancy Board access to the above site(s) for inspection and monitoring purposes. If assisted in the preparation of the above application, I understand that all responsibility for the accuracy of the information rests with me.

Instructions for Completing an Application for Change or Transfer of a Water Right

Please type or print clearly in ink

Introduction: An application for change or transfer of water right and a non-refundable minimum fee of \$50.00, is required by Ecology to propose certain changes to an existing water right or claim. Additional fees may be required if the application is filed with a County Conservancy Board. General information about the process and considerations involved in making changes to water rights is available from each Ecology region office. Once an application is filed, a public notice is prepared for publication in at least one designated newspaper at your cost and the application is made available for review. The information requested upon this application, as it relates to your proposed change, **must** be provided or the application will be returned to you for completion. Spaces bordered with a dark outline are for office staff use in processing the application, please do not mark within those spaces. If additional space is required, you may attach additional sheets of paper or use the Application Attachment Form that is available at any Ecology regional office or from any County Conservancy Board.

A County Conservancy Board is a board established by the County Commissioners and authorized by Ecology to accept and make recommendations for approval or denial of an application for Change or Transfer of a Water Right. Statutory authority for County Conservancy Boards can be found within Chapter 90.80 RCW.

This application requests information about your actual water use and the changes you propose to make. Please **do not** simply copy information about your water use from a water right document. Inaccurate information about your water use may cause substantial delays in processing a decision on your application.

Applications for Change of Water Right are subject to the State Environmental Policy Act, Chapter 43.21C Revised Code of Washington and Chapter 197-11, Washington Administrative Code.

Check the type of change proposed: For your convenience, boxes are located within the upper left-hand corner on the first page of the application form. The following are instructions for completing the boxes that indicate the type of changes that are proposed. The boxes found on the application form are shown in example no. 1.

- ☐ Change purpose(s) of use
- ☐ Add purpose(s) of use
- ☐ Change point(s) of diversion/withdrawal
- ☐ Add point(s) of diversion/withdrawal
- ☐ Change/transfer place of use
- ☐ Other (i.e. consolidation, intertie, trust water)

Explain: _____

Example No.1

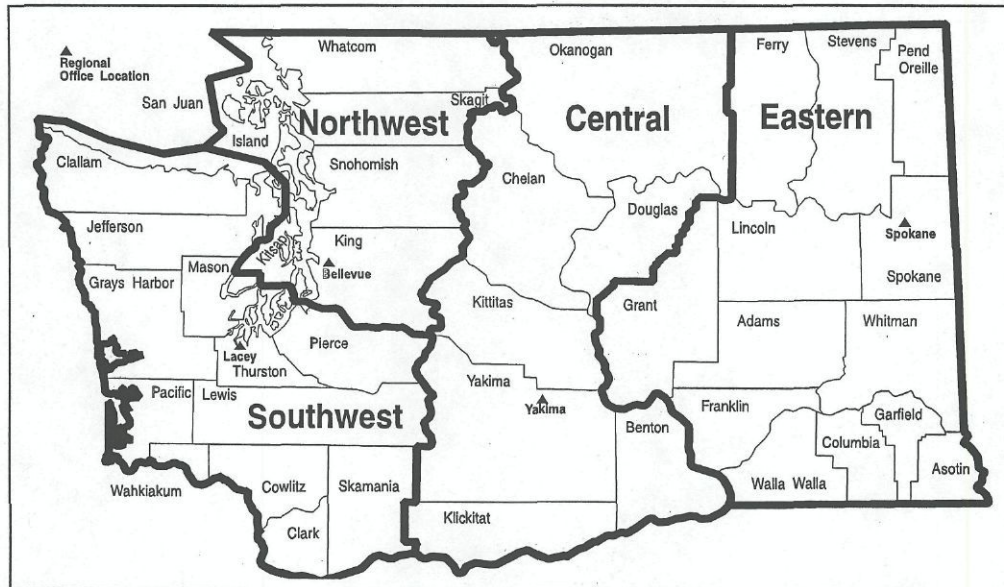

Check the boxes to indicate the changes that are proposed. You may mark as many types of changes as are appropriate, but you must mark at least one box. If none of the boxes provided appear to represent the change or transfer that you wish to propose, please contact the appropriate region office shown on the last page of the form for assistance. If you mark "other," you **must** describe the change that you propose. Possible explanations are that the change proposes "consolidation" of a water use that was exempt from a groundwater permit with a water system for which a certificate of water right has issued, that the application proposes to "intertie" two or more public water supplies, or that you propose to enter a "trust water program." The space for explanation may also be used to further explain any proposed change. If additional space is needed to fully explain the intent of the application you may add attachments.

The number preceding the instruction refers to the corresponding section of the application.

1. Applicant Information: Provide the name in which the application is being filed and the mailing address and telephone number(s) through which the applicant may be reached. The address and phone number provided (or as later amended) will be the only address that will be used to contact the applicant.

IMPORTANT!

Submit your application to Ecology at the regional office for the area of proposed or existing water use or at a Conservancy Board with jurisdiction. Below is a map of the State of Washington, with outlines of the four Ecology regional offices. If you have questions about your application or whether a County Conservancy Board with jurisdiction exists, contact the Water Resources program at the regional office in which your project is located.

Department of Ecology
Central Regional Office
